

Meridian Air Charter Adds Nashua, NH Based Gulfstream IV

December 18th, 2006, Teterboro, NJ - Meridian Air Charter, the Teterboro, NJ based Private Aviation Services Company, is proud to announce the addition of a Gulfstream IV to their fleet of charter aircraft. The Premium Large Cabin Gulfstream will be based in Nashua, NH (ASH) and will be available for charter. "The G-IV has been such a big part of our success..." states Director of Charter Sales and Client Services Andrew Ladouceur, "...and now adding a third G-IV to our fleet is exciting for Meridian. Nashua, New Hampshire is a great location with its proximity to Boston and the growing New England charter market."

The interior is draped with rich, earth-toned colors and luxurious textures. The soft leather seats are a deep Zinfandel complimented by light sable chenille sofas, ostrich skin upholstered walls and headliner, and English Sycamore woodwork with exquisitely crafted contrast inlay. The lavatory with sink is easily accessible. The in flight service staff can accommodate sixteen passengers with the most lavish dining needs in the fully equipped galley including espresso machine. Travel time may be spent ever more efficiently with 110 volt outlets, a satellite phone with fax and data capability, or by simply sitting back on plush leather seats to enjoy monitoring the flight with Airshow® 4000. The state of the art entertainment system includes a DVD player and 2 iPod™ with Video ports in the main cabin. This Gulfstream boasts a scientifically designed Alto™ Concert hall speaker system, which has to be heard to be believed!

The Gulfstream IV is the most desirable and versatile business jet. At 550 MPH with a 5400 Mile Range, it is capable of the most demanding domestic or international trips. The G-IV enjoys an impressive record for technical performance, comfort, safety and reliability. To date, the GIV/GIV-SP fleet has accumulated more than two million hours of flight time and boasts an impressive dispatch reliability rate of over 99.8 percent. The GIV and GIV-SP hold over 70 Gulfstream's History world and national records.

This new aircraft is just another milestone in a busy year at Meridian. We opened our new terminal in January, and our FBO, Meridian Teterboro returned to an independent after a successful 20 year relationship with Million Air. Meridian Teterboro now offers a complete suite of professional aviation services:

- Meridian Teterboro-FBO Services
- Meridian Jet Center-FAA authorized repair stations
- Meridian Air Charters
- Meridian Aircraft Managements
- Meridian Jet Center Detailings
